

# Nexus Liquid

Manganese **7.5%**

All Crops

Liquid Micronutrient

## Product Overview

Manganese (Mn) 7.5% | Sulphur (S) 4%

Nexus Liquid Manganese 7.5% is recommended to prevent and correct manganese deficiencies of field, row, vegetable, and turf crops.

- For foliar application in all crops and can be applied in combination with most crop protection products.

- Essential in enzyme systems, photosynthesis and root growth.
- Important in the synthesis of lignin for strength and stiffness of plant cell walls.

## Nexus Liquid Manganese 7.5% Rates - Foliar

RATE	PRODUCT LITRES/ACRE	ACTUAL MN/ACRE (LBS)	ACRES PER 10 LITRES
Regular rate	0.67	0.14	15

## Application

**Agronomic considerations:** Use alone, with crop protection products, with other fertilizers or may be applied directly to the foliage of growing crops. Nexus Liquid Manganese 7.5% may be applied via ground sprayers (high-volume or low-volume), aircraft or fertigation systems. For foliar application in all crops except RoundUp Ready® crops.

**General recommendations:** Use rates vary from 0.5 litres to 1 litre/acre, depending on level of manganese deficiency.
